PROFILE

Results-driven E-commerce & Web Solutions Developer with a Master's degree in Computer Science and hands-on experience in building web applications, supporting Amazon seller operations, and enabling business setup in the UK.

Combines technical development (Laravel, web systems) with practical business knowledge (Amazon FBA/FBM, company formation, banking setup) to deliver end-to-end digital solutions.

Previously served as a Lecturer in Computer Science, teaching programming courses and supervising final year projects, which strengthened communication, leadership, and mentoring abilities. Passionate about building efficient digital solutions, continuously learning new technologies, and contributing to innovative web development projects.

Currently in the UK on a Skilled Worker visa and available for immediate transfer to a new sponsor.

CORE SKILLS:

- **Web Development:** Laravel, PHP, MySQL
- **E-commerce Systems:** Amazon Seller Central, FBA, FBM, Listings, Inventory
- **Business Operations:** UK Ltd Company Formation, Bank Account Setup
- **Tools:** Canva, AI design tools, basic graphic design
- **Other:** Problem-solving, team leadership, client coordination
